Re: HACCP Compliance/E.Coli O157:H7 Letter for:
Elkhorn Valley Packing Est. 19549 (processing)
Elkhorn Valley Packing Est. 19549A (slaughter)

The above mentioned facilities are Federally Inspected establishments producing beef products under a Federally Approved HACCP Plan with multiple validated and verified interventions providing our customer with products, which meet or exceed FSIS and Industry Microbial and Quality Standards.

Above mentioned facilities are in compliance with USDA HACCP Requirements and related FSIS Directives and Notices encompassing the production of safe, wholesome beef. All CCP's are monitored and verified in accordance with FSIS Notice (44-02), to insure proper prevention, reduction and elimination of E.Coli O157:H7 and Non-O157 STEC's to below detectable levels. Products are lotted prior to shipment.

A pre-shipment review has been met on all products shipped from Elkhorn Valley Packing (processing) Est. #19549 and Elkhorn Valley Packing (slaughter) Est. #19549A establishing that all CCP's have been met under the current approved HACCP Programs.

Sincerely,

Troy Bennington
HACCP Coordinator
Elkhorn Valley Packing LLC
